## Metalcorp Holding Yards 10

Experience some of the region's leading cattle studs.

## Exhibitor Listing 12

Who to see and where!

## Strongman Competition 14

Have you got what it takes?

## Rotary Rodeo 18

Thrills spills and family fun!

Over the past 46 years thousands of visitors have passed through the gates while an estimated \$60 million dollars has been poured back into our local economy. This event has certainly changed over the years but the one thing that has been the same is the people behind the event – our volunteers, exhibitors, sponsors and public and we would like to thank you for supporting us in 2024.

With some amazing childrens workshops, live music, machinery and animal displays, working bullock teams, strongman competition, Metalcorp Stockyards and Rum City Vintage Machinery Rally display and grand parade there is sure to be something for everyone.

We encourage you to enjoy the smells, sounds, sights and tastes of Agrotrend 2024 and help us celebrate the vibrant agricultural region that we call home.

*Ainsley Gattley*

EVENT MANAGER

## MORE INFO

[www.agrotrend.com.au](http://www.agrotrend.com.au)

An event like Agrotrend doesn't come together without a little blood, sweat and a whole lotta love. We would like to take this opportunity to thank all the volunteers who make this event a year-on-year success. A big thanks also goes to our major partners, Cheshire Machinery and Metalcorp Bundaberg, whose commitment to our community is cornerstone in enabling us to bring you Agrotrend, now in its 47th year.

## Proud Partners

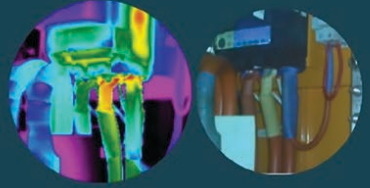

Bundaberg Today

**Don't Let Downtime  
Cost You!**

**WHY CONDITION  
MONITORING IS  
ESSENTIAL FOR  
MODERN FARMING**

***How IIAT can help you!***

IIAT Holistic Condition Monitoring is a local company that can assist you in decreasing your unplanned downtime through predictive maintenance technologies such as:

- Infrared Analysis of Mechanical and Electrical components
- Ultrasound monitoring and lubrication of mechanical components
- Vibration Analysis of Mechanical Components
- Oil sampling of mechanical components

We specialise in bespoke condition monitoring solutions that address your critical assets through a structured process:

- Assessment of your plant and equipment and their operating requirements, including your employee capabilities
- Identification of what the best technology is for your particular plant and equipment
- Development of an implementation plan
- Training of employees in relevant tasks
- Implementation of a staged program
- Test and measure your program's success

Come and see one of our specialists at Agro-Trend for an obligation free discussion.

**CONTACT US:**

[enquiries@iiat.com.au](mailto:enquiries@iiat.com.au)

Phone: 0410 602 669

**Condition monitoring in farming  
offers several key benefits:**

- **Prevents Equipment Failures:** Detects issues early, reducing downtime and will extend machinery life.
- **Optimises Maintenance:** Scheduled maintenance based on actual needs, saving costs and avoiding unnecessary work.
- **Enhances Safety:** Identifies potential hazards, ensuring a safer working environment.
- **Supports Data-Driven Decisions:** Provides data for informed equipment and farm management decisions.
- **Cost Savings:** Lowers repair costs and prevents costly breakdowns.

**Condition monitoring enhances the  
overall farm efficiency.**

## Rum City Vintage Machinery

The Rum City Vintage Machinery Club will once again bring back the good old days with Club Members & Visiting Vintage Club Members exhibiting & demonstrating a range of vintage engines, pumps, tractors, farm machinery, household items & memorabilia, some of which has not been on display previously. A range of novelty tractor events will be operating as will a grand parade each day.

Please support their raffle to raise funds to refurbish & restore pieces of historical local cane farming machinery which will be on display at their new museum shed.

## Matt Stanford's Bullock Team

Meet Matt Stanford and his team of bullocks as you experience the sight and sound of these magnificent beasts dragging a log or slide. The live demos will feature yoking-up, unyoking and the driving using voice control.

As a special bonus, Matt will hang around and is happy to have a yarn to the public regarding the bullock teams, their training and uses in early years in the developing of Australia.

Experience your own piece of history at Agrotrend 2024.

# Poultry Display

The Bundaberg Poultry Fanciers Club will once again be at Agrotrend and invite you to visit them and discover their display with many feathered friends of varying breed and colour. The team are on hand to have a yarn and talk all things poultry and are always a hit with young and young at heart.

## The Border Collie Boogie Show

Music, animals, great Aussie characters and a whole lot of fun! The Border Collie Boogie combines Cilla's experience as an entertainer with her life as a grazier and stock dog trainer to create a spectacular show for the whole family.

Meet Axel the Kelpie, as he shows off his skills as a working stock dog. Get to know the beautiful Ash Barky as she joins in with the singing numbers. With a focus on providing quality entertainment for families in regional areas, this is a one-of-a-kind show, complete with cute animals, vibrant music and all the fun of the farm!

## BushKids

Back at Agrotrend Bundaberg 2024, with their crowd favourite - Scarecrows! Bring the kids, the family and your friends as you get together and build a scarecrow to be displayed during the two days event and maybe even win a prize! Enjoy the Bushkids unstructured play area or let the kids chill out. Even try your hand at building a lagerphone musical instrument and sing along with Craig Lamond.

# Wild Gully Workshops

A local business dedicated to bringing families together through fun and educational outdoor activities.

Wild Gully is on a mission to reconnect kids with nature, help them develop crucial life skills, and foster a supportive community for parents and caregivers.

Wild Gully will be hosting a variety of free and activities designed for children of all ages.

**Fire Fun & Bush Cooking:** Learn fire safety basics and cook tasty damper and kebabs. A delicious way to combine fun and learning!

**Hand Tool Whittling:** Explore the art of whittling with hand tools. Perfect for kids and adults to discover traditional skills of yesteryear.

**Loose Parts Play & Sensory:** These activities are fantastic for sparking imagination and creativity in children!

**Nature Crafts:** Create using natural materials. This is a wonderful opportunity to connect with nature.

**Scavenger Hunts:** These fun and interactive challenges are sure to delight the whole family.

*Workshops are prebooked but enquire at the stand for any vacancies.*

# Metalcorp Bundaberg Holding Yard

Metalcorp Bundaberg will be bringing a cattle display to this years Agrotrend! Featuring livestock handling equipment, you will experience some of the region's leading cattle studs such as Talaringa Droughtmasters and Burnett View Droughtmasters, who will be showcasing their particular breed.

You will be able to view bulls, heifers and weaners in the holding yards whilst being able to talk direct to the breeders to gain first-hand insight to the benefits of the breeds displayed.

There will be opportunities during the day to view the structure and temperament of the beasts.
